PERSON OF INTEREST IN DOWNTOWN OKC

On April 13, 2009, Edmond PD advised the OKC PD of a person of interest. This subject, **Dennis James JACKSON**, had gone to a local church claiming something “monumental” was about to happen. He also refused to allow an Oklahoma County Deputy to search his vehicle when contacted in early April claiming he had “precious cargo”. **JACKSON** has also threatened the President in the past and has served time in Federal Prison (for further see IB 09-0033).

On the evening of April 24th, **JACKSON** was contacted again in the area of the OKC Bombing Memorial and made anti-government statements and boasted membership in a paramilitary organization with nuclear expertise. Suspicious items were observed in his vehicle by officers on the scene. These were examined by members of the Bomb Squad and found not to be a threat. For further regarding this incident, see reports under case number 09-033546 and the message posted by Captain Nelson on the Message Board.

The incident described above at the OKC Memorial concluded at approx. 0630 on April 25th. There were no criminal charges and the subject was refused admittance by the Crisis Center. At approx. 1500 hours this date, reports began coming in that this subject had parked his vehicle in the area of NW 5th and Robinson and had posted a banner on his rear window. Approx. 20 minutes later, this subject left the area.

JACKSON is not wanted at this time and has committed no violations of law, however he is somewhat out of touch with reality and should be approached with caution. The following photos were provided by Edmond PD and were obtained during investigation on April 25th. An additional photo showing the vehicle on the afternoon of the 25th was provided by staff at the OKC Memorial.

If you come in contact with **JACKSON**, especially in the next 24 hours, in the general area of the OKC Bombing Memorial, please contact **Detective Jason Hodges** at **405.417.8644**.
